**Global climate change effects everyone. What are we doing to make a change? Countries around the world are traveling to Paris for the 21st session of the Conference of the Parties (COP21) with hopes to reach a global climate agreement that keeps warming below 2°C.**

**Please join us on Dec 9th from 12-3pm in the AFC on Chatham's Shadyside campus to learn more about COP21 and the challenges that go along with reaching a global climate agreement.**

**Light refreshments will be served.**

**Keynote Speaker: Grant Ervin, Chief Resilience Officer for the City of Pittsburgh**

**Real Time: Skype-Ins from conference attendees in Paris and live Twitter Updates**

**Panel Discussion: Featuring invited Pittsburgh Guests**

**The climate change symposium will feature several table presentations including a brief history of COP, industry stakeholders and non-profit organizations as well as changes that you can make to help reduce emissions locally in Pittsburgh and more.**

**The Paris conference is expected to attract close to 50,000 participants including 25,000 official delegates from government, intergovernmental organizations, UN agencies, NGOs and the private sector to discuss the future of the environment.**

**Hosted by SUS 504, Sustainability and Systems**

 **@FourthCohort, For more information contact Dr. Crystal Fortwangler, cfortwangler@chatham.edu**
