APPLICATION REQUIREMENTS

• Possession of a BA or B. degree in media arts, graphic design, photography, film, visual arts, communication, or a closely-related discipline from an accredited college or university.

• Overall undergraduate grade point average (GPA) of 3.0 or above on a 4.0 scale. (Probationary admission may be granted for applicants with a GPA of less than a 3.0 who show extreme promise through their other achievements.)

• Completed application for admission, including:
  - Official transcripts from all colleges and universities attended
  - Online application
  - Resume and/or additional supporting information on professional or volunteer activities
  - One to two page essay detailing your reasons for wanting to pursue a master’s degree in interdisciplinary design. Please also indicate if you have proficiency in each of the individual software applications: photoshop, illustrator, indesign, dreamweaver
  - Portfolio or other examples of your work in various forms of media; please provide a wide array of two-dimensional works: drawing, painting, printmaking, photography, graphics, etc.
  - Two letters of recommendation

APPLICATION DEADLINES

• Fall Deadline: July 1
• Spring Deadline: November 1

Design a new future

The goal of our MA and MFA in Interdisciplinary Design programs is to prepare students to face the changing role of today’s designers and embrace new creative opportunities as they arise. At the core of this program is the ability to develop critical connections between the designer, the designed, and the end-user. The MAID and MFAID also bridge creativity with spatial planning, environmental graphics, and story-telling through branded identities.

The MA is a three-term, 30 credit-hour program that can be completed in one year. Students who wish to earn the MFA in Interdisciplinary Design can continue for an additional year (36 credit hours).

MA or MFA in **Interdisciplinary Design**

The MA/MFA in Interdisciplinary Design is a program within Chatham University’s [SCHOOL OF ARTS, SCIENCE, AND BUSINESS](#). Programs in the School of Arts, Science, and Business leverage Chatham’s strengths in the liberal arts, business, communications, and the arts, and complement them with professional preparation that helps students prepare for their futures and the next steps in their professional and academic careers.

**PROGRAM HIGHLIGHTS**

- These programs uniquely integrate elements of visual communication design, film and digital technology, and interior and landscape architecture to prepare versatile designers who are able to respond to creative challenges in a range of media.
- Students will build traditional design skills in visual communication (branding, packaging, typography) while exploring specialized fields of sustainable design, film and video, and interactive design.
- A hands-on, industry-ready approach, combined with small, intimate classes allows you to customize your activities according to your interests and areas of specialization.
- The curriculum offers concentration tracks in video and interactive media as well as specialized courses in spatial planning and retail environment taught by our cohort in interior architecture.
- Students can take advantage of Pittsburgh’s professional design resources and organizations such as AIGA PGH, the Professional Association for Design, Pittsburgh Filmmakers, Artist Image Resource, and TechShop Pittsburgh.
